

TradesFlow Product Guide

Complete Feature Walkthrough for Evaluators

Platform Overview

TradesFlow is a cloud-based field service management platform designed specifically for trade businesses. Built on modern, scalable infrastructure, it provides everything you need to manage customers, schedule jobs, create quotes, send invoices, and track equipment history.

Architecture

Supported Trades

- HVAC (Heating, Ventilation, Air Conditioning)
- Plumbing
- Electrical
- Roofing
- Appliance Repair

1. Customer Management

Customer Profiles

Store complete customer information in one place:

Field	Description
Name	Customer full name
Phone	Primary contact number

Email	Email address (optional)
Address	Service address
City, State, ZIP	Location details
Notes	Custom notes about the customer

Service History

Every customer record shows:

- All past appointments
- All invoices (paid and pending)
- All equipment at their property
- Notes and special instructions

Quick Search

Find any customer instantly by:

- Name
- Phone number
- Address
- Email

No more scrolling through spreadsheets or paper files.

2. Appointment Scheduling

Visual Calendar

March 2026				
Mon	Tue	Wed	Thu	Fri
9:00 Smith HVAC	9:00 Johnson Plumb	8:30 Garcia Elect	9:00 Lee Roof	9:00 Kim HVAC
11:00 Brown Appl	10:30 Davis HVAC	11:00 Wilson Plumb	Open	11:00 Chen

Appointment Status Flow

NO_SHOW

CANCELLED

Key Scheduling Features

Feature	Description
Duration Estimates	Set expected job duration (default: 60 minutes)
Technician Assignment	Assign jobs to specific team members
Confirmation Codes	Auto-generated for each appointment
Status Tracking	Track every stage of the job
Notes	Add job-specific notes and instructions

3. Equipment Passport™ (Key Differentiator)

What It Is

The Equipment Passport is TradesFlow's signature feature—a complete digital record of every piece of equipment at your customer's property.

Equipment Types Supported

Type	Examples
HVAC	Furnaces, AC units, heat pumps, thermostats
Plumbing	Water heaters, sump pumps, fixtures, pipes
Electrical	Panels, circuits, generators
Appliance	Refrigerators, washers, dryers, dishwashers
Roofing	Shingles, gutters, skylights
Other	Custom equipment types

Equipment Record Details

Equipment Passport: Water Heater

Customer: John Smith
Location: Basement Utility Room

Brand: Rheem Model: XR90
Serial: RH12345678 Install Date: 2022-03-15
Warranty Expires: 2032-03-15

📷 Photos:

Nameplate

Install

Condition

Service History:

- 2024-01-15: Annual maintenance – Replaced anode rod
- 2023-01-20: Annual maintenance – Flushed tank
- 2022-03-15: Initial installation

Service History Integration

Every service visit can be logged to the equipment record:

Field	Description
Date	When the service was performed
Technician	Who performed the work
Description	What was done
Notes	Technical notes for future reference
Photos	Before/after documentation

Use Cases

1. **Repeat Service:** Pull up the complete history instantly when a customer calls about the same unit
2. **Warranty Tracking:** Proactively reach out before warranties expire
3. **Diagnostics:** See patterns in equipment issues over time
4. **Customer Trust:** Demonstrate expertise with detailed records

4. Professional Invoicing

Invoice Creation Flow

Completed Job → One-Click Invoice → Review Line Items → Send → Track Payment

Labor (1.5 hours)	2	\$85.00	\$170.00
Subtotal:			\$365.00
Tax (8%):			\$29.20

TOTAL:

\$394.20

Invoice Status Flow

DRAFT → SENT → PAID

└─┬─> OVERDUE

└─┬─> CANCELLED

Key Features

- **Automatic calculations:** Subtotals, taxes, totals
- **Line item details:** Quantity, rate, description
- **Due date management:** Set and track payment deadlines
- **Payment recording:** Mark as paid with date tracking
- **Link to appointments:** Connect invoices to completed jobs

5. Automated Notifications

Notification Types

Type	Trigger	Purpose
24-Hour Reminder	24 hours before appointment	Reduce no-shows
48-Hour Reminder	48 hours before appointment	Allow rescheduling time
Confirmation	When appointment is created	Professional touch
Follow-Up	After job completion	Reviews and future bookings
Invoice Alert	When invoice is sent/due	Faster payments

Delivery Channels

- **SMS** (via Twilio): For urgent, time-sensitive notifications
- **Email:** For detailed information and records

Notification Management

Notification Center

Type	Recipient	Status	Sent At
CONFIRM	+15551234567	SENT	Mar 13 9:00am
REMINDER_48H	+15551234567	SENT	Mar 14 9:00am
REMINDER_24H	+15551234567	PENDING	Mar 15 9:00am
FOLLOW_UP	john@smith.com	PENDING	Mar 16 10:00am

6. Price Book

Service Catalog Structure

Price Book		
Category: HVAC		
Service Type	Flat Rate	Est. Time
AC Tune-Up	\$149.00	60 min
Furnace Inspection	\$129.00	45 min
Refrigerant Recharge	\$199.00	90 min
Duct Cleaning	\$299.00	120 min
Category: Plumbing		
Service Type	Flat Rate	Est. Time
Faucet Replacement	\$175.00	45 min
Toilet Repair	\$125.00	30 min
Water Heater Flush	\$99.00	30 min

Benefits

- **Consistent pricing:** Eliminate guesswork
- **Faster quoting:** Pull from catalog instantly
- **Better scheduling:** Time estimates inform capacity planning
- **Professional presentation:** Standardized service offerings

7. Team Management

Role-Based Access

Role	Permissions
Owner	Full access: manage team, billing, all settings, all data
Admin	Manage day-to-day operations: create jobs, invoices, manage customers
Technician	View assigned jobs, update status, add notes, access equipment records

User Management Features

- Add/remove team members
- Assign roles and permissions
- Activate/deactivate users
- Track user activity on jobs

Getting Started

Setup Process

1. **Create Account:** 14-day free trial, no credit card
2. **Add Business Info:** Company name, logo, colors, timezone
3. **Import Customers:** CSV import or manual entry

4. **Build Price Book:** Add your services and rates
5. **Invite Team:** Add technicians and admins
6. **Start Scheduling:** Book your first appointment

Time to Value

- **Setup:** Under 5 minutes
 - **First appointment:** Same day
 - **Full adoption:** 1-2 weeks
-

Support & Resources

- **Email Support:** support@tradesflow.com
 - **Help Center:** Comprehensive documentation
 - **Video Tutorials:** Step-by-step guides
 - **Priority Support:** Professional and Enterprise plans
